RE: Case No. 2008-00198
Kenneth Gerwe vs.
Duke Energy Kentucky, Inc.

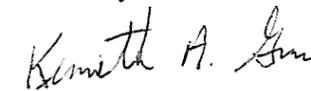

Dear Commission,

I have received and reviewed the first set of answers of the commission staff's first data request from Duke Energy in the case above. I do believe that the commission would rule in my favor if I pursue this matter further. However, since the disputed amount has been reduced to \$200.00, I feel that I will spend more than that in the process of resolving this complaint. Therefore, I agree to pay Duke Energy the \$200.00 and will no longer pursue this matter with the commission.

Duke Energy has agreed to note on my account that I have an alternate heating source and my gas usage may be lower because I am burning wood. They have assured me that my meter is working properly and lower consumption readings will not result in a usage adjustment.

Thank you for your time and assistance in this matter.

Sincerely,

Kenneth A. Gerwe
